

A Must-Have Mobile Tool to Increase Productivity & Success

The Challenge

Gathering information from internal and external audiences is a great way to provide context to decision-making. But analyzing the results with tools that don't include robust analytics is frustrating.

The Solution: Survey Advisor

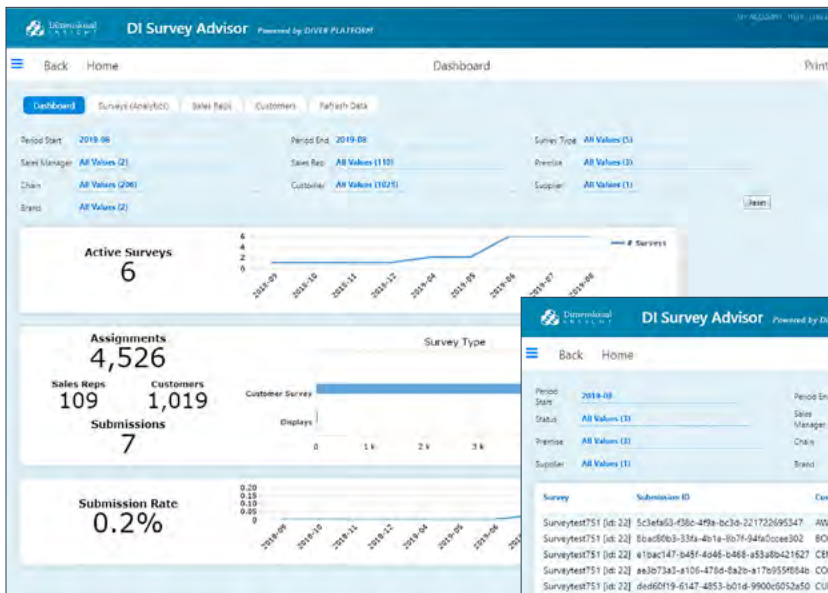

Survey Advisor helps organizations create, manage, and track surveys — *and*, it has powerful analytics capabilities to help you understand where things are with your surveys.

Survey Advisor Features Allow You to:

- Create a variation of survey types
- Assign surveys to employees, reps and customers
- Automatically broadcast surveys out to your employees, reps and customers
- Use Survey Advisor on an iPad or iPhone
- Centralize management of surveys
- Take pictures on location, geotagged, and with a date and time stamp
- Access, download and report pictures to business partners
- Create standard or recurring surveys
- Produce survey analytics and recap reports with actionable tasks
- Create multiple question types:
 - Multiple Choice
 - Date
 - True/False, Yes/No
 - Numeric (Decimal or Integer)
 - Free Format Text
 - Geocode
 - Multiple Responses
 - Picture
- Populate questions based on respondents' previous answers
- Create work flows based on responses

Survey Advisor Benefits:

- Ease of creating, editing and deploying surveys
- Speed of response time
- Analysis and reporting detail
- Low learning curve for creators and users
- Off-line and on-line access
- On-the-fly updates with syncing
- Mobile app to collect the data
- Centralized management of surveys
- Real-time results
- Interoperability (works with other Dimensional Insight apps like Distributor Advisor and Supplier Advisor)
